Before investing you should carefully consider the Fund's investment objectives, risks, charges, and expenses. This and other information is in the prospectus. A copy may be obtained by visiting www.paceretfs.com or calling 1-877-337-0500. Please read the prospectus carefully before investing.

An investment in the Funds is subject to investment risk, including the possible loss of principal. Pacer ETF shares may be bought and sold on an exchange through a brokerage account. Brokerage commissions and ETF expenses will reduce investment returns. There can be no assurance that an active trading market for ETF shares will be developed or maintained. The risks associated with these funds are detailed in the prospectus and could include factors such as alternator strategy risk, cash redemption risk, high yield risk, management risk, calculation methodology risk, concentration risk, currency exchange rate risk, derivative risk, dividend risk, emerging markets risk, equity market risk, ETF risks, European investments risk, fixed income risk, foreign sales risk, foreign securities risk, future contracts risk, geographic concentration risk, government obligations risk, high portfolio turnover risk, index criteria risk, international operations risk, large and mid-capitalization investing risk, monthly exposure risk, new fund risk, non-diversification risk, other investment companies risk, passive investment risk, real estate companies risk, REIT investment risk, models and data risk, sector risk, sector rotation risk, smaller-capitalization companies risk, style risk, tax risk, tracking risk, trading halt risk, trend lag risk, energy infrastructure industry risk, MLP risk, risk of investing in China, risk of investments in A-Shares, A-Shares tax risk, risk of investing through Shanghai-Hong Kong Stock Connect, risk of investing in Issuers listed on the ChiNext Board, authorized participant concentration risk, concentration risk, costs of buying or selling fund shares, emerging markets risk, equity securities risk, financial sector risk, index tracking error risk, international closed market trading risk, large-capitalization securities risk, market risk, non-U.S. currency risk, non-U.S. securities risk, passive investment risk, risk of cash transactions, secondary market trading risk, shares of the fund may trade at prices other than NAV, cybersecurity risk and/or special risks of exchange traded funds.

Investors must be a registered shareholder of a fund on the record date to receive a distribution. Distributions are paid to shareholders of record on the payable date. There is no guarantee an ETF will pay dividends to investors in the future.
